400 RATS WERE CAUGHT IN THE PAST TWO DAYS

YESTERDAY'S RECORD HOWEVER, WAS LARGEST YET FOR SINGLE DAY—OVER TWO HUNDRED WERE BROUGHT IN.

Four hundred rats were captured, killed, examined and disposed of at the board of health laboratory, in the city hall building, during the past two days. Saturday a total of 167 rats were delivered there, while the record for Monday was a total of 223.

The distribution of traps by the city has proven quite a death blow to the rodent population for, since the traps were put into service, the number of live rats was decreased by over 400.

A good many business houses are offering a premium on all rats caught on or about their premises, and this has proven quite an inducement to the trapping forces. All manner of traps have been rigged up and placed in all manner of positions and places, and with continued efforts the number of rats in the city will be noticeably lessened.

The Journal's "Want Ad. Way" will get you results.
